
ENGR 010H: Honors Introduction to Engineering

Honors Introduction to Engineering uses advanced teaching methods and current real-world business situations to enhance and deepen student learning of critical concepts and frameworks in Engineering. With an emphasis on research and analysis, students have the opportunity to apply critical thinking skills and concepts to develop their knowledge of Engineering. Honors Engineering uses the pedagogical methods common to all Honors courses: writing-intensive, collaborative, and experiential instruction. As an honors course, there is a focus on analytical writing and exploring the field through reading primary source research.
