

College Council 2024-2025 Goals

Goal #1: Establish institutional standards to promote integrated planning, with a focus on incorporating program review. Enhance the current program review and resource allocation processes to align needs and resources.

Goal #2: Model clear and positive communication to promote civil discourse. Represent the voices of college constituents in accordance with participatory governance best practices. Define civil discourse and develop a college values statement that emphasizes effective participatory communication.

Goal #3: Utilize climate survey data and other "satisfaction" data to ensure college processes meet the needs of the institution and students.
